This Is Albany

Mr. Ralph Downing, District Representative of the Pacific Gas and Electric Company will present "The River of the Kings." RAYMOND CIRIMELI
**Ray Cirimeli
Resigns From
Albany Council**

Ray Cirimeli, Albany City Councilman and vice-mayor, submitted his resignation to the council Monday. The resignation was received in the mail at the city hall and read before the council at its regular meeting Monday night.

The letter of resignation read as follows:

"I hereby tender my resignation as a member of the Albany City Council to become effective immediately." It was accompanied by a certificate signed by Dr. Phillip J. Raimondi, which read: "For reasons of health it is recommended that Raymond Cirimeli be excused from his duties as a councilman for the City of Albany."

The council met in "personnel" session at 6:45 Monday evening to "consider the resignation," but it was reported no action would be taken regarding the appointment of a successor at this time.

ALBANY COUNCIL PASSES BUDGET OVER OPPOSITION

After four hours of bitter wrangling and before a "standing room only" crowd of Albany citizens, the council on Monday night passed the 1960-61 budget which calls for the same city tax rate as in the previous year of \$1.66 per \$100 of assessed valuation.

While there is no change in the tax rate, the taxpayers will pay more when they settle for their city taxes with the city. This is due to the fact that the county, which sets the appraisal values of Albany property as well as of the County of Alameda, has raised its assessment values which the State has prescribed as "not less than 25 per

cent of the actual market value."

The main battle in council Monday night centered on Councilman Carlevaro's proposal that the position of Supervisor of Recreation at the Albany Community Center be abolished, and that Emile J. "Bud" Rooney, presently supervisor at the Center, be placed on the payroll on a part time basis. This eliminates Rooney's car allowance, and subjects his salary to such job allotments as may be available in the department from day to day.

Due to the fact that Councilman and Vice-Mayor Cirimeli had resigned and was not present, the council was thrown into two and two. Mrs. Zahn and Councilman Carlevaro voted as a unit for the elimination of the recreation supervisor job at the Center, while Councilmen Blank and Howell vigorously supported retention of Rooney in that position. The matter was put to vote four times in hardly as many minutes toward the end of the session, but each time the vote was divided two and two.

Councilman Blank asserted he would give up the battle for Rooney and a few other items he had backed if, in the end, it came to be a question of whether or not THERE WOULD BE A BUDGET. He said that rather than fail of a budget approval altogether he would vote his approval of a budget regardless of its content, which actually occurred at five minutes before twelve. Blank asserted that it was legally necessary that the city adopt a budget not later than August 1, and that without an approved budget the city would be unable to pay out any money for salaries or expenses. This was confirmed by City Attorney Foley.

The final budget calls for a division of the \$1.95 rate as follows: General Fund, 53 cents; Library Fund, 1 1/2 cents; Library Bonds, .01 1/2 cents; Park and Recreation, 30 cents, and School Fund, 35 cents.

The major argument in discussing the budget was the status of "Bud" Rooney, recreation supervisor at the Community Center. In drawing up the budget the

Chamber Chatter

By IRENE GROVE

We all want Albany to progress and grow . . . but it takes concerted action to get things done in these modern times. It takes cooperation and mutual assistance . . . and that is where your Chamber of Commerce comes in. It's sole function is to get things done for the community at large. It is a business organization for business and community progress. That is the reason your Albany Chamber of Commerce is inviting all Albany business men and women to participate and invest in the future of our city through the Chamber of Commerce. During the next few weeks a concerted drive will be conducted by the Albany Chamber of Commerce to invite all Albany businesses to participate in the "Program of Action" planned to make our city a better place to live, to work, and do business.

Congratulations to Bernie and Marianne Mander on the "new look" of Sam's Pharmacy at 1183 Solano Avenue. The wraps are off, now revealing an ultra modern new exterior and interior. Business went on as usual during the remodeling. The interior background in gold blue sets off the modern display cases for cosmetics and drug sundries and one entire wall is a display of Hallmark cards. Beautiful gold and crystal light fixtures add to the decor. Watch for the announcement of the grand opening in approximately three weeks . . . there will be surprises and special features for all ages.

Have you tried the "broasted chicken" from Mama's Pizza, 811 San Pablo? This is a recently added feature to the pizza and other fine foods at this restaurant. (Continued on Page 4)

IN REAL ESTATE, NOTHING IS IMPOSSIBLE!

I. Need a Home? Down Payment Is No Object!

If you sincerely feel that you would like to own your own home, we can help you find that home. Regardless of how little you have to pay down, we can assist you. Our salespeople will show you how even a very low down payment can be the springboard to a luxurious new home. You have to start some time, using your down payment to purchase a modest home, and allow equity and inflation to increase your investment until it's time to trade up for a better home. If you are working and have a steady job, but no down payment, we will find a home that you can purchase. 15 years in business have proven to us that you must make a start, and there is never any better time than right now! Here are but a few of our offerings: One bedroom, Albany home \$8,950.00 Two bedroom, Albany home \$12,950.00 Three bedroom, Albany home \$18,500.00

II. Want To Retire On A Secure Income?

You may barely exist on Social Security or company pension plan, but if when your working days are over you'd like to travel, enjoy life, you must think of additional income. There is absolutely no better way to provide this than to invest in income property. An understanding of depreciation rates to offset income, and the tax-free exchange of real estate exchanging are a necessity. Our salesmen are trained in showing you how to build an estate in income property. Whether you have \$500 to invest or \$50,000, we can show you how to make a net return of from 10 per cent to 15 per cent on your money, in a conservative Albany or El Cerrito income property. We can also show you how an investment of \$1,000 in income property can possibly bring you an income of \$300.00 per month in 20 years. The principle of equity-building is the same whether you are a small \$1,000.00 investor or a million dollar New York syndicate buying an Empire State Building (A \$60,000,000 purchase made on a \$3,000,000 down payment). There is no magic involved, only a clear understanding of how to invest and trade in income-producing real estate. We have several fine Albany properties available right now, for such a beginning.

III. Dissatisfied With Present Home?

Use our Home Trade-In plan. Select the home of your choice from amongst the 600 or more homes we have available in our Multiple Listings. We guarantee you a sale on your home or else trade it in on the home you purchase. Albany Council
(Continued from Page 1)
financial committee proposed dropping the title of the centers' recreation supervisor, "Bud" Rooney, and changing his classification to that of a part-time playground director.

This proposal met instant opposition from Councilmen Howell and Blank, and has been followed by numerous petitions from citizens opposing the

change in Rooney's status. Rooney, who now receives a salary of \$4860, would receive the same salary, but it would be divided in the budget so half of it would be charged against the Center, and the remainder divided up on the various other jobs which Superintendent Nelson might assign to him from time to time. This division was proposed by Councilman Carlevaro. At Monday night's session Coun-

cilman Blank brought out the fact that this would not be legal, and that even if it were he wanted to know how Rooney could move from one playground to another, if as proposed, his \$25 a month car allowance were discontinued.

One petition was presented on Monday night from citizens who would be affected by the curtailment in the Center's budget allotment, containing 116 signatures. Another from the Alteen Club members contained 41 signatures, and a further petition was signed by 17 citizens. The council chamber was filled to overflowing. Apparently the majority of those present were interested in the Rooney case. Only a few left shortly after eleven o'clock, but the seats were nearly all filled well on to midnight.

Talks in favor of the retention of Rooney in his job and at his old salary or better, were made by School Board Member Milton Porter, Mrs. Paine and Mrs. Quirk of the Alteen Club advisory committee, and others.

Allocation of funds in the final budget, by departments, are as follows:

General Fund, \$159,379.00; Park and Recreation Fund, \$85,311.00; Library Fund, \$28,348.00; Library Bond Fund, \$27,170.00; Police Department, \$191,326.00; School Fund, \$68,190.00; Fire Department, \$167,910.00.

The council also received the resignation from Stanley D. Wilkins of the Parks and Recreation Commission, which was accepted with regret. Mrs. Zahn named Mrs. Mildred Ingraham as her appointee to replace Mr. Wilkins.

Security Savings Reports Gains

John J. Peters, President of Security Savings & Loan Association, reports a highly successful July investment period, with approximately \$3 million gained during the first 13 days of July. The new San Francisco office, which opened July 1, made a substantial contribution to this gain, according to Peters. "We are highly pleased with our reception in San Francisco," said Mr. Peters. "The new office here, like our eight other offices in the Bay Area, has been located with an eye to maximum convenience for savers." The ninth office of Security Savings and Loan Association is at 239 Grant Avenue, at Tillman Place.

"THANK YOU IS A PART OF YOUR JOB"

☆☆☆

Can you guess where this motto is hung? Not in our office, to be sure, although it well might be. It is in the toll office of the San Francisco-Oakland Bay Bridge. Banks, like toll bridges, render a public service and certainly a part of their duty is to say, "Thank you."

Here at MECHANICS we make it our RULE NUMBER ONE to thank our customers by giving them our very best service. We think that is the practical way to say "Thank You."
